

Part 1. Ecology & conservation of Birds

Wednesday July 18, Morning

- 10:00 **5.** From Forests to Cities: Effects of Urbanization on a Neotropical Bird Community
MacGregor-Fors Ian, Morales-Perez Lorena and Schondube Jorge E.
ian@oikos.unam.mx
- 10:20 **303.** Analysis of Distribution and Abundance of an Endangered Tropical Bird by Means of Machine-Learning Methods: the Ocellated Turkey (*Meleagris ocellata*) in Yucatan peninsula, Mexico
Kampichler Christian, Calme Sophie and Weissenberger Holger
christian.kampichler@web.de
- 10:40 **235.** Conservation of endemic birds in montane successional mosaics in Western Mexico.
Santana C. Eduardo, Contreras Sarahy, Schondube Jorge, Jardel Enrique and Munguia Heriberto
esantana@cucsur.udg.mx
- 11:00 Coffee break
- 11:20 **325.** Recovery of tropical avifauna in relation to forest succession following slash-and-burn agriculture at Calakmul Biosphere Reserve, Campeche, México.
Salgado-Ortiz Javier and Robertson Raleigh J.
javo_salgado@yahoo.com.mx
- 11:40 **687.** Management perspectives of riparian systems in northwestern México
José Fernando Villaseñor
jfvillaseñor@hotmail.com
- 12:00 **491.** Patterns of bird species diversity in the Pantanal of Mato Grosso, Brazil.
Cortes-Figueira Jose Eugenio, Cintra Renato and Rodrigo Viana Leonardo
cortes@icb.ufmg.br
- 12:30 Lunch

Part 2. Ecology & conservation of Birds

Wednesday July 18, Afternoon

- 14:00 **374.** Modeling seasonal distribution of lilac-crowned parrot in the central western state of Michoacan, México.
Ortega Rodriguez Juan Manuel, Moterrubio Rico Tiberio Cesar and Cancino Murillo Ramon
idrisi59@gmail.com
- 14:20 **382.** Influence of climatic variability on reproductive output of Lilac-crowned Parrots in tropical dry forest: results of a 12 year study
Renton Katherine and Salinas-Melgoza Alejandro
krenton@ibiologia.unam.mx
- 14:40 **508.** Nest and breeding behavior of the Citreoline trogon (*Trogon citreolus*)
Vega Rivera Jorge H., Valdivia Talia and Vega Debora
jhvega@ibiologia.unam.mx

15:00 Coffee break

15:20 **345.** Seasonality and origin of dietary protein in Neotropical arid zone birds inferred from stable isotope analysis.

Gonzalez-Carcacia Jose A., Nassar Jafet M., Herrera M. L. Gerardo and Martinez Helios M.

jnassar@ivic.ve

15:40 **311.** Ecological and Geographic Analysis of the Asian Nuthatches (Aves: Sittidae)

Menon Shaily, Islam Zafar-ul and Peterson Townsend

menons@gvsu.edu

16:00 **242.** Cytogenetic study as a tool for the reintroduction programme of *Aburria jacutinga* (Aves:Cracidae) in Rio de Janeiro city, Brazil.

Nogueira Denise Monnerat, Verona Carlos Eduardo, Souza Lucia Moreno, Quaresma Larissa and Freitas Andrea de Andrade Rangel
