

## Part 1. Restoration of tropical ecosystems

### Monday July 16, Morning

- 10:00 **306.** Riparian vegetation diversity, stakeholder use and management practices and restoration activities in the Ayuquila watershed, western Mexico.  
**Ortiz-Arrona, Claudia Irene, Gerritsen Peter R.W. and Martinez Rivera Luis Manuel**  
[cortiz@cucsur.udg.mx](mailto:cortiz@cucsur.udg.mx)
- 10:20 **327.** Restoration of riparian vegetation and secondary forests in fragmented tropical landscapes.  
**Ramos Prado Jose Maria**  
[jramos0555@yahoo.com.mx](mailto:jramos0555@yahoo.com.mx)
- 10:40 **598.** Strategy for Ayuquila river restoration  
**Martinez R. Luis Manuel, Ortiz A. Claudia I., Santana C. Eduardo, Garcia R. Salvador, Perez C. Gabriela, Graf M. Sergio, Gerritsen Peter R.W., Contreras M. Sarahy, Santana M. Francisco J., Iniguez D. Luis I., Aguirre G. Angel, Olguin L. and Jose Luis Sando**  
[lmartinez@cucsur.udg.mx](mailto:lmartinez@cucsur.udg.mx)
- 11:00 Coffee break
- 11:20 **179.** Use of Arbuscular Mycorrhizal Fungi for restoration of Tropical Rain Forest: a proposal model.  
**Sanchez-Gallen Irene, Alvarez-Sanchez Javier and Guadarrama Patricia**  
[fjas@hp.fciencias.unam.mx](mailto:fjas@hp.fciencias.unam.mx)
- 11:40 **420.** Effects of stress treatments on Pteridium aquilinum in sites with arrested succession in the Lacandon Tropical Forest, Chiapas, Mexico  
**Penaloza-Guerrero Cristina B. and Perez-Salicrup Diego R**  
[cpenaloza@oikos.unam.mx](mailto:cpenaloza@oikos.unam.mx)
- 12:00 **450.** Effect of herbivore exclusion on seedling community in successional oldfields in La Selva Lacandona, Chiapas, Mexico  
**Mora Francisco and Martínez-Ramos Miguel**  
[fmora@oikos.unam.mx](mailto:fmora@oikos.unam.mx)
- 12:30 Lunch

## Part 2. Restoration of tropical ecosystems

### Monday July 16, Afternoon

- 14:00 **673.** Recruitment potential of isolated trees in tropical pastures of Southeastern Mexico  
**Garcia-Orth Ximena and Martínez-Ramos Miguel**  
[xgarcia@oikos.unam.mx](mailto:xgarcia@oikos.unam.mx)
- 14:20 **158.** Interindividual variation in phenology and seed production within a stand of three tree species  
**Armijos Claudia, Gunter Sven and Moreira Maximo**  
[ccarmijos@utpl.edu.ec](mailto:ccarmijos@utpl.edu.ec)

- 14:40 **588.** Endangered island floras: fast growth rates and short lifespans create significant challenges for conservation and restoration of the Hawaiian lobeliads  
**Montgomery Rebecca A. and Givnish Thomas J.**
- 15:00 Coffee break
- 15:20 **465.** Evaluating artificial reefs for coral recruitment in Puhawang and Muna Islands of Indonesia  
**Widiastuti Endang, Kanedi Muhammad and Natha Frans**
